

TOLGAHAN TOROS

Computer Engineer

SUMMARY

I am a computer programming graduate of Istanbul University. I am a Computer Engineering student at Mersin University. I am trying to improve myself in the field of Cyber Security. I am aware that willing, attentive and careful work will definitely result in success. Therefore, I have no doubt that I can contribute to you with my skills and work discipline.

EDUCATION

Istanbul University

Computer Programming
2018 – 2020

Mersin University

Computer Engineering
2020 – Present

SKILLS

- Linux
- Python
- C#
- Network
- Cyber Security
- Cyber Threat Intelligence
- Web Development

CERTIFICATIONS

- **CYROPS** – Ethical Hacker & Linux Basics
- **BG-TEK** – Penetration Testing
- **DNG Technology** – Web Security
- **ZAYOTEM** – Malware Analysis
- **Republic of Türkiye Ministry of Defense Industry** – Sibervatan Bootcamp 2024
- **PCAP** – Programming Essentials in Python
- **CISCO** – CCNA 1 & CCNA 2 & CCNA 3
- **CISCO** – IT Essentials
- **KODLUYORUZ** – 47. Mersin Python&Angular Web Development

WORK EXPERIENCE

İzo Yapı

Intern | 06.2018 – 08.2018

- I managed the IZO YAPI's e-commerce site, which was built using opencart.

Mersin University IT Department

Part Time | 04.2023 – 09.2023

- I worked in the live support unit
- I developed the card pass system project with facial recognition technology at the university using the Python opencv library.

Türkiye Technology Team

Instructor | 09.2023 – 09.2024

- I taught Cyber Security, Artificial Intelligence, Mobile Application, Energy Technologies and Aviation and Space courses to secondary and high school students who were trained in the experimental workshops within the Türkiye Technology Team Foundation.

VOLUNTARY WORK

• President- MEUSIBER

We aim to enhance participants' knowledge levels by offering training in the field of cybersecurity. Through courses provided by experts, we strive to teach fundamental security principles and raise awareness.

• Team Member - YILDIZCTI

The YILDIZ Cyber Threat Intelligence Team is a cybersecurity team established under the SiberVatan project, focusing on cyber threat intelligence. Our mission is to ensure that each team member becomes proficient in their field and to increase the number of local projects in our country's cybersecurity sector through various initiatives.
